

The power of people, for over 50 years.

Alex MacIntyre and Associates Ltd. is one of Canada's oldest and most highly regarded mining contracting companies with a proud history of mining in Canada. MacIntyre is a widely diversified mining company with capabilities ranging from exploration to mine development, production, construction, electrical/mechanical installations to mine closure services. We have completed some of Canada's more difficult mining projects and strive for safety and quality in all that we do.

Alex MacIntyre and Associates is currently seeking: **Underground Mechanics** for our Thompson, Manitoba operations.

The ideal candidate will have 3-5 years minimum experience and a working knowledge of underground heavy equipment such as scooptrams, jumbos, personnel carriers, trucks and various other ancillary equipment. A commitment to safety is your number one priority and is mandatory.

Competitive wages, room and board and a travel allowance are provided if necessary.

If you would like to be a part of a safe and successful company please forward your resume and supporting documents .

We thank all candidates for their interest; however only those selected will be contacted for an interview
